NUMBER 52

Teachers' Salaries Raised.

In our last issue we merely stated that the old teachers of the Paris City Schools were re-elected, for the reason we were going to press when the Board adjourned and were unable to give full account of the meeting. We give now a more extended notice, viz:

Prof. J. S. Johnson was re-elected as principal of the High School at a salary of \$90 per month, and Miss Edna Brown for the Eighth grade and Miss Mary Layton for the First grade at \$80 per month. Misses Frances Butler, Lizzie Lenthall, Lena Talbott, Saller, Whaley, Ollie Ashbrook, Anna Farrell and Mrs. Elizabeth Dundon were re-elected to position at \$55 per month, and Miss Jessie Crisp was elected at the same salary. Miss Crisp is a graduate of the school and will probably be assigned to the Seventh grade.

Mrs. O. H. Buck was re-elected as teacher of drawing and Miss Julia O'Brien as teacher of music. W. O. Fuller was re-elected janitor. Prof. W. L. Dawson was not an applicant for re-election as assistant principal.

The Board being confident that the new building will be ready for occupancy when the fall term opens in September, passed an order fixing the hours of school as follows: 8:30 a. m. to 11:45 a. m., and from 1 p. m. to 3:30 p. m., with intervening recesses both morning and afternoon. Superintendent Chapman was assigned the task of revising the courses of study.

The board passed an order requiring an additional department in the grammar school of which Miss Edna Brown is the principal.

Notice.

Carlisle to Elect School Superintendent.

The Carlisle School Board will hold a meeting tonight for the purpose of selecting a superintendent for the Graded School in that city in place of Prof. Shipp, who recently resigned.

Prof. W. L. Dawson, the popular Assistant Principal of the Paris High School, is an applicant for this position, and his many friends here trust he may be elected. Prof. Dawson is a very competent teacher, admirably suited for this work in every way, and Carlisle could not do better than to have him at the head of its city school. Much to the regret of patrons of the Paris High School, Prof. Dawson did not apply for re-election.

Vaudeville at the Paris Grand.

The second week of the vaudeville venture of Messrs. McMahon & Jackson at the Paris Grand has been marked by a growth in attendance and renewed interest on the part of the people who welcome high-class vaudeville attractions, and extend their patronage without the least reluctance.

The bill at the Grand this week is superior to that of the week previous, and that was something far above the average. Nothing is being left undone by the management to preserve order in the playhouse and at the same time produce the very best features that are to be had.

Our citizens are beginning to realize that this is a delightful place to pass an evening and at a mere nominal cost at that. The moving pictures and illustrated songs are alone worth the price of admission, to say nothing of the excellent vaudeville acts that are presented. On tomorrow afternoon at 3 o'clock a matinee will be given for the children and ladies. Admission 5 cents for children and 10 cents for adults.

Beginning with this evening and continuing in the future, the admission price will be reduced to ten cents to any part of the house, and the gallery to five cents, the reserved seat fee being eliminated.

Situation Critical in Bracken.

A newspaper man returned from Bracken county, yesterday, where he was reliably informed that in the next few days the militia will arrest more than a hundred men charged with being night riders.

For the past few weeks spies disguised as umbrella menders, tramps and salesmen have been going through the country and have secured the names of men who are said to have been the most active in the night riding.

The men when arrested will be distributed in the jails of Paris, Lexington, Frankfort and Maysville, it is said.

The opinion is when the attempts at arrest are made trouble will ensue, as suspected night riders have been purchasing guns and ammunition for several days, evidently expecting arrest. Night riders have served notice on the merchants of Augusta to not sell the soldiers anything, and Col. Lillard has made large purchases of provisions at Maysville.

The situation is critical and an outbreak is feared for any day.

Democratic Executive Committee to Meet.

The Democratic State Executive Committee will meet in Frankfort, at the Capitol Hotel, next Tuesday morning at 11 o'clock, to fix the time and place for holding the Democratic State Convention, at which time delegates to the National Convention will be selected.

The call for the meeting was issued Tuesday morning by Lewis McQuown, chairman of the State Committee. The call provides that the time and manner of selecting district delegates also shall be considered at this meeting.

At this meeting it will be decided where the State Convention to be held. Lexington is making an organized fight and expects to get this convention. It is generally conceded that the convention will be held the latter part of June, just before the National Convention.

Mr. McQuown says he thinks the plan will be to have precinct conventions, in all the counties of the State, on a Saturday, at which delegates to the county conventions will be selected. The county convention then will be held on the following Tuesday and these county conventions will select delegates to the State Convention.

Given \$35,000 Damages.

After being out forty-five minutes Wednesday morning, the jury in the Federal Court at Paducah returned a verdict of \$35,000 damages in favor of Robt. Hollowell against twenty-eight alleged night riders of Caldwell county, Ky., for whipping him and driving him from the State on the night of May 2, 1907. He sued for \$50,000, and his wife has an other suit for \$50,000 pending, and his son, Price Hollowell, has a suit for \$25,000 pending for the same outrage.

DEATHS.

—Dr. S. W. Willis, a prominent physician, of Winchester, died Tuesday of paralysis. He was well and favorably known throughout the State. He was the father of Mr. Sam Willis, who married Miss Nellie Turney, of Paris.

—Edward P. Farrell, one of the best known of the younger men in Lexington public and professional life, died at his home Wednesday afternoon shortly after 2 o'clock. The funeral services will be held at 9 o'clock this morning at St. Paul's Catholic church, Lexington.

—John E. Miles, aged 86 years, one of the best known and one of the oldest citizens of Frankfort, died Wednesday morning after a short illness. He was the last but one survivor of the Mexican war in that county.

Mr. Miles came into added prominence at the time of the murder of Governor William Goebel by his daring arrest of Harlan Whittaker, one of the suspects. When Goebel was shot there was great excitement and a crowd gathered at the State House. Whittaker ran out and Mr. Miles saw him. In spite of the fact that Whittaker was heavily armed and thought to be a dangerous man, Mr. Miles caught him by the shoulders and pinned his hands to his sides so that he could not draw his weapon and held him until assistance came. Five revolvers were found on Whittaker.

GRADUATION PRESENTS.

What is more suitable for a fair graduate than a beautiful chased bracelet, a handsomely designed locket with attached chain, or a delicately mounted gold brooch pin. For the manly boy we can show you a varied and beautiful line of gold scarf pins, cuff buttons, charms, pocket knives, and novelties in sterling silver to suit the most fastidious. SHIRE & FITHIAN.

Soldiers Pass Through.

Companies A and C, Second Regiment, Kentucky State Guards, passed through Paris Tuesday over the L. & N. enroute to Dover, Mason county, and Augusta, Bracken county. They were in charge of Acting Captain Roger W. Jones, of Lexington, and Capt. Norman, of Frankfort.

The soldiers will act in conjunction with the Ohio State Guard on the opposite side of the river and will patrol the river front and back through Mason and Bracken counties. They had a large amount of ammunition with them.

Boilers Explode.

The mill of the W. C. Wood Lumber Company was wrecked Saturday at Collins, Miss., by the explosion of two large boilers, killing two men and injuring four other large boilers. The loss is between \$12,000 and \$15,000. Mr. Wood was formerly of Millerburg, this county, and his partner in business is Mr. W. B. Allen, of this city.

Will of Judge Cantrill.

I, James E. Cantrill, of Georgetown, Ky., do make and publish this my last will and testament, and I do hereby revoke all other wills heretofore made by me. After the payment of all my debts I will, devise and bequeath all of my property and effects of all kinds and description to my beloved wife, Mary C. Cantrill, to be hers absolutely, knowing that she will do what is right by our son, Cecil. I have already given and advanced to my son, James Campbell Cantrill, as much or more than now own, and therefore leave no part of my estate to him. It is my wish however, that my wife give to my son, Campbell, my diamond stud, and give to my son, Cecil, the jewel that was presented me by the Grand Commandery of Kentucky. In testimony thereof I have written this by my own hand and signed my name, this, November 2nd, 1901.
